## DESIGN SOFTWARE

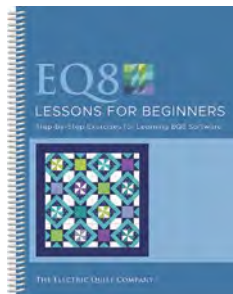

Electric Quilt is the industry's go-to computer software for quilt designing. From professionals, to the everyday quilter, EQ has all the right tools and features for every designer. EQ8 is redesigned with a friendly new look that includes large interface elements for faster, more intuitive learning. EQ8 comes with more than 40 new and updated features, including thousands of new block designs and fabrics. The EQ8 package contains a software download license. The license is used to claim, download and install the software from ElectricQuilt.com. Users can choose the Mac or PC version during the claim process. Complete instructions are included.

**A-0008EQ Electric Quilt 8** **276.95**

The EQ8 Block Library book offers an escape from the computer to a world of inspiration. Flip through the pages, earmark favorite blocks, then use the guide to find the blocks in the EQ8 quilt design software. The 6,000+ blocks are well organized into categories based on style such as Eight-Pointed Stars, Dresden Plate, Four Patch, Nine Patch, Orange Peels and Pictures. Other category types include border blocks, sashing blocks and quilting stencils.

**B-8BLOCK Electric Quilt 8 Block Library** **25.95**

This book is perfect for the new EQ8 user. The step-by-step lessons guide the reader through the basic tasks of drawing blocks, importing fabric scans and designing quilts. Lessons are easy to follow and cover all the basics of the software. Print patterns and yardage charts, learn to make quilt labels, design traditional and modern quilts, and have fun along the way!

**Sweetly Stitched Handmades**

You will find 18 projects to sew while giving your creativity a chance to blossom through the new beginning of each season. You can stitch a lovely pencil pouch while your children are about to embrace an upcoming school year. Or while the snowflakes are falling from the sky; embroider a sweet vintage inspired ice skating girl. Then, as the flowers are blooming and the fresh smell of spring is in the air, you can learn a new technique of hand sewing yo-yos and then create a pretty garden apron. When the warmer weather arrives and the sound of waves are upon you; stitch up a patchwork sailboat. Even if your seasons are slightly different, I'm sure you will find great inspiration from one of the many pretty patchwork projects to sew any time of the year! 144 pages.

**PHOTO TRANSFER**

Wait until you get your hands on this rugged paper that looks, feels, and wears like leather, but sews, cuts, and washes like fabric. Pre-washed treatment gives it a suede-like finish and lovely crinkles. Use it to bring an exciting new texture to your sewing projects, mixed media arts and book making. Machine wash and tumble dry.

**MADELINE**

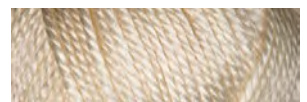

This 3-ply yarn feels like a much more expensive yarn. We took this into our local yarn shop and asked the knitters what they thought it was made of, and not one of them guessed acrylic. We employed a new technique to develop this yarn and the result is a vivid, beautiful collection of silky yarn that you will use again and again.

**VASHON**

They took a lot of time and effort to get the colors perfect. This is a two-ply soft roving yarn where each end is space dyed in up to five shades and then plied with its partner. The result is an incredible burst of beautiful color that becomes even more stunning as you knit it. It's on the chunkier side of a medium weight yarn so it knits up quickly.

## BARCLAY

Made from a superwash merino wool for lightness, this yarn also contains bamboo for silkiness, and acrylic for durability. This is one of our most spectacular yarns. We love it for two main reasons. First, the way it feels, which is silky and luxurious. Secondly, for the way the colors dyed up so vividly. You will love all the colors!

- 42% superwash merino wool, 35% acrylic, 23% viscose
- 3.5oz (100g) 195yd
- Light weight
- 4" = 22 stitches on size 7 needles
- Suggested crochet hook H8
- Machine wash, lay flat to dry

## STITCH BOOKS

A must for any cross-stitch pattern book collection, this book contains dozens of exciting border designs to inspire both experienced and novice stitchers. It is packed with ideas that include strong geometric patterns, pretty florals, and fun, motif-based designs. There is a variety of sizes to adorn table cloths, towels, cushions, clothing, and any fabric or cross-stitch project. 112 pages.

**TU107082 Tuva Publishing 12.95**

 Cross Stitch Motif Series 3: Borders  
310534 1

From fun motifs to pretty florals in a variety of sizes, the designs can be used to adorn anything from table cloths, towels, and cushions, to clothing. Each inspiring pattern has a color key and stitch suggestion indicated; beginners can simply backstitch the outline of the pattern to gain confidence, while experienced crafters can test their imagination by filling the shapes with any number of stitches in their repertoire. All embroidery techniques used in this book are clearly explained, and drawings that show the type of the embroidery for each part of the pattern makes the book easy to follow. 128 pages.

**TU110347 Tuva Publishing 21.95**

 Embroiderer's Garden  
310539 1

The book uses simple stitches, all clearly explained in the Tools, and Techniques sections. The diagrams are in full color and each project is beautifully photographed. The designs will appeal to both beginners and the more experienced stitchers, as there are small scale designs and also larger, more detailed designs. The stitched designs can be used to make into cushion covers, framed pictures, tablecloths and greetings cards. You could also use them to decorate purses and tote bags, or any other objects that you choose to decorate with your stitching. 128 pages.

The universal pen holder allows for more creative freedom when drawing with the ScanNCut machine (CM350). Many pens and writing instruments that you already have will fit perfectly into the pen holder. Whether the drawing surface is paper, fabric, or another medium, the pen holder is sure to enhance any project. Great for personalizing and monogramming. Use with pens with a minimum length of 2.75" and with a diameter between .37" and .5". Not for use with crayons, pencils or fountain pens.

The transfer paper with grid lines is an essential tool that helps perfectly place a vinyl cut design onto any surface. Simply cut the transfer paper to fit over a cut vinyl design, press firmly over top, then lift to place! Take the guess work out of lining up letters, words, monograms, and multiple designs onto your projects. The transfer paper can be reused several times until the tackiness is no longer strong enough to adhere.

Sizzix Pads, Platforms,  
Tools

This pair of Aqua Cutting Pads was specially designed for use in the Sidekick Machine. Constructed of high-quality polycarbonate plastic, these see-through Cutting Pads allow for easy die-cutting Sizzix chemically etched wafer-thin dies (Thinlits, Framelits and Triplits) in the Sidekick machine. Simply sandwich the die and material to be cut between the Cutting Pads and roll through the machine. Each Cutting Pad measures 4-7/8"x2-1/2"x1/8" and lasts for thousands of cuts. All Sizzix Cutting Pads are meant to be used on both sides. When both sides of the Cutting Pads are worn out, it is time for replacement Cutting Pads.

The dies have intricate designs and stand-alone cutters that produce beautifully detailed cut-outs on paper. Made from sturdy metal, they are universally compatible with cutting machines and work well with the complete line of Hero Arts. Perfect for a card background or paper project. Use the confetti as part of a shaker card or to add embellishments to other projects.

Shapeabilities dies feature multiple pieces and parts for creating many different designs. Use the die to cut out the shape. Emboss or deboss the image on a project using a die-cut machine and correct spacer plates. The die can also be used as a stencil to add color and texture. Perfect for markers, watercolors, paint, or additional mediums.

### FISKARS PUNCHES

Lever Punches make it a breeze to create windows or punched-out designs that add style and dimension to a wide range of craft projects. They're the perfect choice for creating layered embellishments with multiple designs. Simply slide in the paper, depress the lever and you're done - your cleanly punched-out design is ready to embellish your craft project. A built-in confetti catcher helps keep the work area clean.

The water-based metallic gliding polish will give a pearlescent look to a card or other crafting projects. The sponge tool is encased in the top of the lid. Take the sponge, dip it in the jar and wipe excess off on the jar's edge. Add color to any surface. Try an embossed raised pattern and make it stand out by adding the polish over the lightly over top or completely cover by adding additional polish. Use several colors to create a unique look.

The stencil can be used for decorating furniture, fabric, paper, canvas and scrapbooking. It is perfect for a mix media project too. Made of a special material which makes them flexible but durable, it is thin enough to feature small details in the design. It is transparent to properly positioned on a surface to be decorated. The stencil can be washed and reused several times. After drying it well, place it back in the original packaging for storage. Use spray glue to hold the stencil in place. Add paint or other mediums with sponge brushes or stencil brushes.

Cosmic Shimmer Gilding Flakes can be layered using glue or double-sided tape. Apply the Flake & Glitter glue (CSFLAKEGLUE) to a project and wait for glue to dry. The glue will remain tacky to add the flakes and pat down. Use a dry brush or sponge to gently remove the excess flakes. The same technique can be used with double-sided tape. Add the glue to a stamp, stamp image on a project and cover stamped image with gilding flakes. Use a dry brush to remove the excess and reveal the image. Wash the stamp immediately in warm water.

# PENS, MARKERS & PENCILS

Each pen has a flexible brush tip and a fine tip in one marker. Brush tip works like a paintbrush to create fine, medium or bold strokes; fine tip gives consistent lines. The colorless blender Brush Pens are ideal for artists and crafters. The water-based ink is blendable and the resilient nylon brush retains its point stroke after stroke. The tips self-clean after blending. Acid-free and odorless.

### POTS & PLANTERS

**bloem**

Now you can use less soil in the bottom of your pots! To find the correct size, estimate the half way point of the pot from top to bottom and at this point measure side to side on the inside of pot. Since Ups-A-Daisy's come in 1" increments, it should be easy to pick just the right size. Once inserted, you now plant on top of the insert, which uses less soil and creates a nice drainage area below the insert.

GIVE YOUR PLANTS A LIFT.

## COLOR WASH

Color Wash Paints are perfect for adding beautiful color to a wide range of natural surfaces including wood, barn wood, baskets, cotton, canvas, burlap, wicker, silk ribbon, paper mache, resin and more. Available in both pure essential colors and faux finishes with metallic accents. Apply in 1 coat or additional coats for a deeper tone, while allowing the grain or the natural fiber of the surface to show through. Use a brush or spray applicator (sold separately) to apply the color. This water-based paint does not require sanding, priming or a topcoat and there is no wipe off required. For a lighter wash blend with 1, 2 or 3 parts water to get the look you desire. One 2-ounce bottle will cover 2-3 times more square footage than standard decorative paints.

## PAINTING TOOLS

### PENCILS, PENS & MARKERS

A tough marker for tough jobs, the Solid Marker is solidified paint in a marker stick. It marks through oil, grease, rust, mud, snow and more, and is great for inside or outside use. The paint dries within minutes, and is permanent once dry. The special twist mechanism that advances the paint keeps it fresh and ready to use. Ideal for use on wood, cloth, canvas, plastic, steel, iron, rubber, cardboard, glass, fiberglass and concrete. Alcohol based cleaners will remove ink from non-porous surfaces.

The adjustable check training collar features a buckle that allows you to easily put the collar on your dog or remove it. It has a limited-closure chain loop combined with a nylon collar for gentle correction. The limited-closure chain loop prevents the collar from becoming too tight while the nylon reduces loss of neck hair. Gentle correction training is an excellent way to build a relationship with your dog. The collar is not to be used for tie out.

Stray pets can often be a big problem, but this highly proven design provides a reliable solution. A cat wears a small magnet that doubles as an identification tag. A sensitive, fast-reacting circuit in the cat flap guarantees instant entry. Perfect for cats of all sizes. The easy to use four way locking system enables complete control over your cat's movements. Any cat can exit the door, but the cat must have the magnet on its collar to re-enter. Self lining to 2 3/8", it is ideal for all doors. Requires one 9 volt battery (not included).
